Work Experience

OneHealthng

Product Designer & Webflow Developer • Contract

APRIL 2024 - PRESENT, LAGOS NIGERIA

I currently collaborate with product managers, developers, researchers, marketers, and designers to enhance features on the Onewellness app and admin dashboard, aiming for a 35% increase in app usage.

I designed and implemented a white paper landing page, resulting in a 10% boost in website traffic.

Reelcruit

Product Designer • Contract

NOVEMBER 2022 - MAY 2024, QUEBEC CANADA

I designed and prototyped the whole platform, the website, candidates web app, employers web app, reelcruit admin and reelcruiters admin web apps. This in turn led to a 20% increase in company's revenue.

C-bit Industries

Product Designer • Full time

FEBRUARY 2022 - APRIL 2024, LAGOS NIGERIA

I collaborated with product managers, developers, researchers, marketers, and designers to design and prototype an intuitive e-commerce platform where merchants can create stores easily, advertise and sell their products. I also created and sourced for the components and design system used.

iWello INC

Product Designer • Part time

NOVEMBER 2021 - MARCH 2024, LAGOS NIGERIA

I designed and prototyped a medical platform that brings affordable health care to those who can't afford the standard health care service, this allows it users to get consultations and medical aid online.

Education

University of Lagos (UNILAG)

Bachelor of Science (hons) Computer Engineering

NOVEMBER 2015 - NOVEMBER 2020, LAGOS NIGERIA
